Do you pay Arizona Income Tax?

Would you like to have a say in how your tax dollars are spent?

Read on...The Arizona School Tax Credit allows tax payers to contribute money (\$200 individual, \$400 married, filing jointly) to a school's extra-curricular activities program.

How does that help you?

You get to choose where this portion of your taxes go. You have to pay it anyway; wouldn't you rather make the choice of how it's spent? Your support will help ensure a quality education to the next generation of taxpayers. Your Tax Credit may also be taken as a "Tax Deduction" on your Federal Income Tax (please consult your tax advisor for details).

How does that help us?

We are able to provide a variety of activities for students. These activities can include, but are not limited to, field trips, fine arts, visual arts, and athletics.

What if you pay less than \$200 in Arizona taxes?

You can still contribute the amount that does not exceed your taxes.

DOES THIS COST YOU ANYTHING?

NO!

If you expect to pay \$500 as your 2016 Arizona state taxes and you give the school \$250, your taxes to the state are then \$250

Can you really make a difference?

YES!
